We can have built an off road adventure trailer based on a core design we have developed and tested in a range of environments including: -

- Sleet and Snow.
- Mud and Rain.
- Desert.
- Forest Track.
- Motorways.
- Rubble

Where possible the trailer would be built to match the towing vehicles track and body width.

Also some variations in the height of the trailer body can be accommodated.

Standard features include: -

- Choice of NATO or Ball Hitch.
- Recovery Points.
- Jerry Can Holders.
- Mud Flaps.
- Brakes
- 4 x Prop Stands
- Spare Wheel Mount.
- 12-Volt Electrics.

Extra features can include; - external racks and bars, extra compartments and additional recovery points.

In addition to our trailers we can provide a range of waterproof torches, these can be stand alone battery operated torches or rechargeable torches whose base units can be connected to vehicle electrics.

We can also supply utility storage units and protective waterproof cases which can be used to store maps, safes, fire extinguishers, navigation software, ropes and other off road accessories.

**Your Requirements**

Whatever your off road adventure needs please contact us to discuss your requirements.
