With the right case and the right inserts your equipment can be safely stored in most environments for a very long time. So we can provide both cases and inserts to meet your needs

We can supply a range of storage units or containers from stackable utility units to waterproof protective long-term storage cases.

Some of these cases can have your company logo or other information printed on them or applied as a label if required.

Should you need something more specialised, we can custom build storage units up to full flight spec if required.

Custom Inserts

For maximum protection of your equipment the insert is as important as the case, therefore we provide a range to suit your needs.

Inserts include: -

- Tooled and Prepared Inserts
- Pick n' Pluck/Matrix Foam
- Profile Foam
- Block and Locating Foam
- Dividers
- Panel Frames

Your Requirements
